- Agricultural Marketing Resource Center: Potatoes
- The Green, Blue and Grey Water Footprint of Crops and Derived Crop Products Volume 1: Main Report
- Commercial Potato Production in North America

Pumpkins

- FAOSTAT Ranking Commodities by Country
- Agricultural Marketing Resource Center: Pumpkins
- The Green, Blue and Grey Water Footprint of Crops and Derived Crop Products Volume 1: Main Report
- Penn State Extension: Pumpkin Production

Spinach

- FAOSTAT Ranking Commodities by Country
- Agricultural Marketing Resource Center: Spinach
- The Green, Blue and Grey Water Footprint of Crops and Derived Crop Products Volume 2: Appendices
- New Developments in Spinach Production

Squash

- FAOSTAT Ranking Commodities by Country
- Agricultural Marketing Resource Center: Squash
- The Green, Blue and Grey Water Footprint of Crops and Derived Crop Products Volume 1: Main Report
- University of Georgia Extension: Commercial Squash Production

String Beans (Green Beans)

- FAOSTAT Ranking Commodities by Country
- USDA NASS: Vegetables 2019 Summary
- The Green, Blue and Grey Water Footprint of Crops and Derived Crop Products Volume 1: Main Report
- University of Georgia Extension: Commercial Snap Bean Production in Georgia

Sweet Potatoes

- FAOSTAT Ranking Commodities by Country
- Agricultural Marketing Resource Center: Sweet Potatoes
- The Green, Blue and Grey Water Footprint of Crops and Derived Crop Products Volume 1: Main Report
- Oklahoma State Extension: Sweet Potato Production

Taro

- FAOSTAT Ranking Commodities by Country
- Farm and Forestry Production and Marketing Profile for Taro
- The Green, Blue and Grey Water Footprint of Crops and Derived Crop Products Volume 1: Main Report

Tomatoes

- FAOSTAT Ranking Commodities by Country
- Agricultural Marketing Resource Center: Tomatoes
- The Green, Blue and Grey Water Footprint of Crops and Derived Crop Products Volume 1: Main Report
- Oklahoma State University Extension: Commercial Production of Fresh Market Tomatoes

Turnips

- FAOSTAT Ranking Commodities by Country
- Agricultural Marketing Resource Center: Turnips (similar to carrots)
- The Green, Blue and Grey Water Footprint of Crops and Derived Crop Products Volume 1: Main Report
- University of California Davis: Turnip Production in California
- Where Are Carrots and Turnips Grown?

Fruit & Berries *(back to top)*

Apples

- FAOSTAT Ranking Commodities by Country

ABOUT US

The Water Footprint Calculator (WFC) seeks to raise awareness about how people in the United States use water throughout their day. The free tool illustrates how everyday actions – from washing dishes to watering the lawn to buying groceries – impact water use. The WFC also provides water-saving tips, lesson plans and other content to promote sustainable water use.

The WFC was created by the nonprofit GRACE Communications Foundation (GRACE), which develops innovative strategies to increase public awareness of the critical environmental and public health issues created by our current industrial food system, and to advocate for more sustainable alternatives.
